

The 2nd Annual RMC Women's Autocross Event is Coming Soon

Join us June 19th at the Colorado Air and Space Port to learn about vehicle dynamics, car control, and the sport of autocross in a safe and fun environment from our team of experienced autocrossers and high-performance driving instructors will teach you everything you need to know.

All women behind the wheel

No matter your experience, or technical car knowledge, all women are welcome for a relaxed event specifically for women by women. Learn what your car can do in a safe driving environment and ask all the questions you want. You'll be included, supported and challenged by our community of brand new and nationally ranked women autocrossers.

No experience needed

We welcome all vehicle makes and models. As long as your car is in good mechanical condition, you've got what it takes to get on course. Bring your enthusiasm, and we'll provide the rest.

all fun, no ego
